How to use this CD

Try to find your person by going to the relevant surname in either the Baptism, Marriages or Burials files that are sorted in Surname Order.

Note: you can search on Brides or Grooms surnames – there is a separate file for each with the same information, but in a different order.

If you can't find them look at the beginning of the file that you are on and see if there is an entry with a question mark against it that could be yours.

Failing that, go to the individual parish where you think your person should have been registered and search the most likely dates – these files are in date order.

Further CD: There are twenty parishes on this CD, but there were 50 parishes in Rutland, so there will be at least one more CD published and possibly two so that the whole county will be covered eventually.
